**Interview Summary**

Assistant Commissioner of Patents  
Washington, D.C. 20231

Sir:

This paper is a summary of telephonic interviews held with Examiner Gore regarding the outstanding Office Action mailed on December 3, 2001 rejecting claims 1-4 and 7-10. The Examiner has agreed to withdraw the Official Action and issue a new Official Action because the wrong set of claims was examined.

On January 30, 2002, in a first telephonic interview with the Examiner, Applicants pointed out that this U.S. national phase of a PCT application had only four pending claims. Applicants noted that the ten claims originally filed in the PCT application were amended under article 19 of the Treaty. A translation of the amended claims and the German language amended claims were

filed upon entry into the national phase, see transmittal letter, with Express Mail Certificate, and English language claims 1-6, attached. The Examiner acknowledged that the U.S. application was also the subject of a preliminary amendment canceling claims 5 and 6. The Examiner requested copies of the English language translation of amended claims 1-6 and the transmittal letter. These documents were faxed to Examiner Gore on January 30, 2002. Upon review of the facsimile, in a second telephonic interview held with Examiner Gore on January 31, 2002, the Examiner agreed to withdraw the Official Action of December 3, 2001 and issue a new Official Action directed to the currently pending claims.

On February 11, 2002, the Examiner requested a written communication regarding the claims' status from Applicants for entry into the file. Applicants respectfully submit that this Interview Summary meets the Examiner's requirements. Should the Examiner have any questions, please contact the undersigned attorney. I will be out of the office February 20, 21 and 22.

Respectfully submitted,

Date:
